- Product Lifecycle Management
- Product Strategy
- Feature Prioritization (Effort Vs Impact, MOSCOW)
- Product Roadmap
- SaaS Product Delivery
- Go-To-Market (GTM) Strategy
- User Research
- Market Sizing
- Competitor Analysis
- UI/UX Design
- Stakeholder Management
- Objective Key Results (OKR)
- Agile Sprint Planning
- Product Backlog
- User Stories Grooming
- MVP Delivery
- Clouds – AWS, Azure, GCP
- Risk Analysis
- Business Transformation

WORK EXPERIENCE

Zuper, Chennai *Dec 2025 to Jun 2026 (5 Months)*
Senior Product Manager

- **Service Order:** Owned and launched the Service Order sub-module from **concept to production**, enabling subcontractor service procurement within Zuper and increasing **feature adoption by 25%**.
- **Purchasing Workflow:** Streamlined **Purchase Order receiving** and **Rolling up** workflows, reducing operational friction and driving a **20%** increase in weekly active users.
- **Inventory Visibility:** Introduced inventory sourcing insights that **optimized stock utilization** and vendor procurement decisions, improving customer **time-to-value by 15%**.
- **Product Demonstration:** Facilitated **8+ customer workshops** and solution demonstrations, uncovering product opportunities and accelerating adoption across enterprise accounts.
- **Product Strategy:** Aligned with cross functional leaders across **sales and implementation teams** to support customer demos, feature positioning, and enterprise onboarding initiatives.

UST Global, Chennai *Jan 2020 to Jun 2025 (5.5 Years)*
Product Manager

- **Tagging:** Drove adoption of standardized **key-value tagging** across departments, enabling granular cloud cost attribution and uncovering **30% cost-optimization** opportunities for business teams.
- **Customer Onboarding:** Transformed onboarding workflows by removing friction points, reducing time-to-value from 10 to 3 days and improving customer satisfaction by **35%** through **IAM, RBAC, Keycloak**, and guided user journeys.
